5 young men. 32 destroyed police vehicles. 1 spectacular bank robbery. This “cinematic” true crime story transports readers to the scene of one of the most shocking bank heists in U.S. history—a crime that’s almost too wild to be real (The New York Times Book Review). Norco '80 tells the story of how five heavily armed young men—led by an apocalyptic born-again Christian—attempted a bank robbery that turned into one of the most violent criminal events in U.S. history, forever changing the face of American law enforcement. Part action thriller and part courtroom drama, this Edgar Award finalist for Best Fact Crime transports the reader back to the Southern California of the 1970s, an era of predatory evangelical gurus, doomsday predictions, megachurches, and soaring crime rates, with the threat of nuclear obliteration looming over it all. In this riveting true story, a group of landscapers transforms into a murderous gang of bank robbers armed to the teeth with military-grade weapons. Their desperate getaway turns the surrounding towns into war zones. And when it’s over, three are dead and close to twenty wounded; a police helicopter has been forced down from the sky, and thirty-two police vehicles have been completely demolished by thousands of rounds of ammo. The resulting trial shakes the community to the core, raising many issues that continue to plague society today: from the epidemic of post-traumatic stress disorder within law enforcement to religious extremism and the militarization of local police forces.

Shane Jones had been a golf enthusiast for many years, yet he rarely broke 80 in his games. He watched what others did and found that golfers, non-professional and professional alike, shared common traits for a good game. He compiled what he noticed, put it to practice, and wrote this book about his findings.

An accessible, transformative guide for couples seeking greater love, connection, and intimacy in our modern world Nate and Kaley Klemp were both successful in their careers, consulting for high-powered companies around the world. Their work as mindfulness and leadership experts, however, often fell to the wayside when they came home in the evening, only to end up fighting about fairness in their marriage. They believed in a model where each partner contributed equally and fairness ruled, but, in reality, they were finding that balance near impossible to achieve. From this frustration, they developed the idea of the 80/80 marriage, a new model for balancing career, family, and love. The 80/80 Marriage pushes couples beyond the limited idea of "fairness" toward a new model grounded on radical generosity and shared success, one that calls for each partner to contribute 80 percent to build the strongest possible relationship. Drawing from more than one hundred interviews with couples from all walks of life, stories from business and pop culture, scientific studies, and ancient philosophical insights, husband-and-wife team Nate and Kaley Klemp pinpoint exactly what's not working in modern marriage. Their 80/80 model of marriage provides practical, powerful solutions to transform your relationship and open up space for greater love and connection.

Be more effective with less effort by learning how to identify and leverage the 80/20 principle: that 80 percent of all our results in business and in life stem from a mere 20 percent of our efforts. The 80/20 principle is one of the great secrets of highly effective people and organizations. Did you know, for example, that 20 percent of customers account for 80 percent of revenues? That 20 percent of our time accounts for 80 percent of the work we accomplish? The 80/20 Principle shows how we can achieve much more with much less effort, time, and resources, simply by identifying and focusing our efforts on the 20 percent that really counts. Although the 80/20 principle has long influenced today's business world, author Richard Koch reveals how the principle works and shows how we can use it in a systematic and practical way to vastly increase our effectiveness, and improve our careers and our companies. The unspoken corollary to the 80/20 principle is that little of what we spend our time on actually counts. But by concentrating on those things that do, we can unlock the enormous potential of the magic 20 percent, and transform our effectiveness in our jobs, our careers, our businesses, and our lives.

A transporting and illuminating voyage around the globe, through classic and modern literary works that are in conversation with one another and with the world around them \*Featured in the Chicago Tribune's Great 2021 Fall Book Preview\* Inspired by Jules Verne's hero Phileas Fogg, David Damrosch, chair of Harvard University's department of comparative literature and founder of Harvard's Institute for World Literature, set out to counter a pandemic's restrictions on travel by exploring eighty exceptional books from around the globe. Following a literary itinerary from London to Venice, Tehran and points beyond, and via authors from

Woolf and Dante to Nobel Prize–winners Orhan Pamuk, Wole Soyinka, Mo Yan, and Olga Tokarczuk, he explores how these works have shaped our idea of the world, and the ways in which the world bleeds into literature. To chart the expansive landscape of world literature today, Damrosch explores how writers live in two very different worlds: the world of their personal experience and the world of books that have enabled great writers to give shape and meaning to their lives. In his literary cartography, Damrosch includes compelling contemporary works as well as perennial classics, hard-bitten crime fiction as well as haunting works of fantasy, and the formative tales that introduce us as children to the world we're entering. Taken together, these eighty titles offer us fresh perspective on enduring problems, from the social consequences of epidemics to the rising inequality that Thomas More designed Utopia to combat, as well as the patriarchal structures within and against which many of these books' heroines have to struggle—from the work of Murasaki Shikibu a millennium ago to Margaret Atwood today. Around the World in 80 Books is a global invitation to look beyond ourselves and our surroundings, and to see our world and its literature in new ways.

George Brown wanted to write about his interesting life for his family and friends. He loved writing and kept diaries of some of his adventures during his later life. In 1970 he helped his wife, Nan Brown, to write a book about their adventure living in South Georgia in the Antarctic for two and a half years in the mid-1950s. The book is entitled Antarctic Housewife. George lived in some very diverse places Glasgow, Edinburgh, was at sea in the British Merchant Navy sailing to Asia, Africa, and India during the war at thirteen years of age, Grytviken, South Georgia, Alice Springs in Central Australia, Queensland Sunshine Coast, and Adelaide. During his time spent in Alice Springs, he worked as the Director for the Royal Flying Doctor service for thirteen years from 1957 when Alice Springs was a very small town and the only communication for people in the outback was a two-way radio. He and his wife then started the first travel agency in Alice Springs and were able to travel to new destinations together for their business. George then began a two-way communication business in Alice Springs, selling radios, phones and equipment for communication in the outback of Australia. This was called XLCom. He operated this for several years before retiring when he and Nan moved to the Sunshine Coast and lived between Alice Springs and Mooloolaba. His daughter Catriona ran the business for them. George was involved in the community in Alice Springs for years; he started the Alice Springs Pipe Band with friend Ron Ross. He also was a lifetime member and past president of Mbantua Rotary Club and was heavily involved in rotary community fund-raising events like the Henley on Todd for numerous years. George was a member of the Show Society and organized the annual Alice Springs show, which was the highlight for families in Central Australia. He became involved as a volunteer in the Alice Springs Pony Club when his daughters started riding at a young age. George was president of the show Jumping Club and became a show jump course builder. They traveled to Edinburgh where he owned a flat to tour around Scotland, but sadly, his wife died in 1995 due to suicide. George was totally devastated that the love of his life could end her life so tragically. George then returned to Australia to build a large place in Alice Springs and live with his two daughters, Fiona and Catriona, and their families in a large shared house on a block out of town on the Todd River. He kept himself busy by gardening, building a cottage, traveling to places like Europe and South Georgia to learn more about places he had visited in his earlier life. He had developed a real interest in World War II and the British Merchant Navy. He caught up with friends from the various stages in his life and reacquainted himself with his family living in Australia and England. He was invited to South Georgia to help restore the church and the community of Grytviken for tourists to visit as South Georgia and the Antarctic were opening up for tourism. He spent several months back in the place he loved the most.

A breakthrough program for triathletes -- beginner, intermediate, and advanced -- showing how to balance training intensity to maximize performance -- from a fitness expert and elite coach. Cutting-edge research has proven that triathletes and other endurance athletes experience their greatest performance when they do 80 percent of their training at low intensity and the remaining 20 percent at moderate to high intensity. But the vast majority of recreational triathletes are caught in the so-called "moderate-intensity rut," spending almost half of their time training too hard--harder than the pros. Training harder isn't smarter; it actually results in low-grade chronic fatigue that prevents recreational athletes from getting the best results. In **80/20 Triathlon**, Matt Fitzgerald and David Warden lay out the real-world and scientific evidence, offering concrete tips and strategies, along with complete training plans for every distance--Sprint, Olympic, Half-Ironman, and

results quickly and safely. The 10-Day Belly Slimdown includes daily meal plans, batch cooking tips to make meal prep a snap, 80 delicious new recipes, and a sensible maintenance plan. As you heal your belly from the inside out, you'll feel younger, happier, and lighter than you thought possible.

Despite the fact that the name of many characters mentioned in the Old Testament, like David, King of Israel, have been recently confirmed by archaeology as well as their epoch and the events in which they were involved, most archaeologists continue to deny the historicity of the Bible they view as pious fiction or a mythical account. They argue that the major events in the Bible such as the victory of Abraham against Chedorlaomer, an unknown king of Elam around 2000 BCE, the victory of Moses against an unknown Pharaoh around 1500 BCE or the victory of Esther, an unknown Persian Queen, against an unknown vizier of Xerxes, never existed because they left absolutely no evidence. They also explain that according to what we know today, these events could not have occurred. These logical arguments are impressive but a precise chronological analysis based on absolute dates, coupled with a rigorous historical investigation, shows that all those major events really took place at the dates and places indicated.

Fans of Patti Smith's *Just Kids* and Rob Lowe's *Stories I Only Tell My Friends* will love this beautifully written, entertaining, and emotionally honest memoir by an actor, director, and author who found his start as an 80s Brat pack member. Most people know Andrew McCarthy from his movie roles in *Pretty in Pink*, *St. Elmo's Fire*, *Weekend at Bernie's*, and *Less than Zero*, and as a charter member of Hollywood's Brat Pack. That iconic group of ingenues and heartthrobs included Rob Lowe, Molly Ringwald, Emilio Estevez, and Demi Moore, and has come to represent both a genre of film and an era of pop culture. In his memoir *Brat: An '80s Story*, McCarthy focuses his gaze on that singular moment in time. The result is a revealing look at coming of age in a maelstrom, reckoning with conflicted ambition, innocence, addiction, and masculinity. New York City of the 1980s is brought to vivid life in these pages, from scoring loose joints in Washington Square Park to skipping school in favor of the dark revival houses of the Village where he fell in love with the movies that would change his life. Filled with personal revelations of innocence lost to heady days in Hollywood with John Hughes and an iconic cast of characters, *Brat* is a surprising and intimate story of an outsider caught up in a most unwitting success.
