National Book Award Nominee: "Somehow both genuinely scary and genuinely funny, sometimes on the same page—a wickedly entertaining ride."—Publishers Weekly (starred review) One of Publishers Weekly's Best Books of the Year On the outskirts of Buenos Aires in 1907, a doctor becomes involved in a misguided experiment that investigates the threshold between life and death. One hundred years later, a celebrated artist goes to extremes in search of aesthetic transformation, turning himself into an art object. How far are we willing to go, this novel asks, in pursuit of transcendence? The world of Comemadre is full of vulgarity, excess, and discomfort: strange ants that form almost perfect circles, missing body parts, obsessive love affairs, and man-eating plants. Darkly funny, smart, and engrossing, here the monstrous is not alien, but the consequence of our relentless pursuit of collective and personal progress. "Outrageous...insanely funny."—BOMB "In this dark, dense, surprisingly short debut novel by the Argentinian author, we're confronted with enough grotesqueries to fill a couple Terry Gilliam films and, more importantly, with the idea that the only real monsters are those that are formed out of our own ambition." —The Millions

Two great literary minds-master of suspense P.D. James and literary icon Jane Austen-come together in *Death Comes to Pemberley*, a bestselling historical crime fiction tribute to *Pride and Prejudice*. Conjuring the world of Elizabeth Bennett and Mr. Fitzwilliam Darcy and combining the trappings of Regency British society with a classic murder mystery, James creates a delightful mash-up that will intrigue any Janeite. The year is 1803, and Darcy and Elizabeth have been married for six years. There are now two handsome and healthy sons in the nursery, Elizabeth's beloved sister Jane and her husband Bingley live nearby and the orderly world of Pemberley seems unassailable. But all this is threatened when, on the eve of the annual autumn ball, the guests are preparing to retire for the night when a chaise appears, rocking down the path from Pemberley's wild woodland. As it pulls up, Lydia Wickham - Elizabeth's younger, unreliable sister - stumbles out screaming that her husband, George Wickham, has been murdered. Inspired by a lifelong passion for the work of Jane Austen, P.D. James masterfully recreates the world of *Pride and Prejudice*. Combining Austen's wit and the social commentary of *Downton Abbey* with her own signature excitement and suspense, James has crafted a brilliant crime story. *Death Comes to Pemberley* is a distinguished work of fiction, from one of the best-loved, most-read writers of our time, and was adapted as a miniseries by the BBC in 2013, starring Matthew Rhys, Anna Maxwell Martin, and Matthew Goode.

A beautifully illustrated volume on the Tudor-style house, a keystone in American interiors and architecture. Since its birth in sixteenth-century England, the Tudor-style house has been a favorite for homeowners from all walks of life. Hallmarks of the style include steeply pitched gables and roofs covered in slate or imitation thatch, bays of casement windows with diamond-paned leaded glass, clustered chimney stacks, interiors of wood paneling and plasterwork, and, especially, half-timbered and stuccoed facades. In the United States, prime examples can be found coast to coast, from the Tudor City apartment buildings of New York to the stately homes of Tuxedo Park; from the cozy, Prairie-inspired homes of Oak Park, Illinois, to the richly nuanced Arts and Crafts-inflected mansions of Pasadena, California. In an age when all agree that the McMansion, with its ungainly proportions and sameness of design, should be banished from the landscape, the Tudor house remains a delight and an inspiration, being anything but cookie-cutter, with tremendous variation from home to home. The *Tudor Home* showcases the wide variety of Tudor homes and the many manifestations the form has taken across the nation, from the famous communities of Bronxville, New York, to the California Tudors of Highland Park. With a wealth of color imagery newly photographed for this volume and insightful commentary on the history, development, and evolution of the Tudor style in America, the book is an engaging read that opens a window on this much loved style of home.

The hottest, sexiest autobiography of spring 2011. International film star Brigitte Nielsen was married to Sylvester Stallone and her lovers include Arnold Schwarzenegger but life has not always been full of Hollywood glitz. In this compelling and deeply personal autobiography Brigitte describes how she survived incredible lows including a suicide attempt and alcoholism. In recent years Brigitte has returned to the spotlight appearing in dozens of films, recorded two music albums and has starred in several reality television shows. 'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

Each year, Americans consume hundreds of food products that contain truly dangerous compounds, including heavy metals, pesticides, and other harmful additives--with the blessing of the FDA. Why is this happening and why haven't you heard about it? In *Unsafe at Any Meal*, Dr. Renee Dufault, former food investigator for the Food and Drug Administration, provides the startling answers. While at the FDA, Dr. Dufault discovered that mercury--a highly toxic metal--was contaminating the plumbing systems of many food manufacturing plants. Upon further examination, she discovered that the same mercury was also evident in a number of processed foods commonly sold in supermarkets. When Dr. Dufault revealed these disturbing findings to her superiors, she was told to stop her investigation. Her continued efforts to raise the issue always met with a dead end, so she chose to take an early retirement from the FDA. Dr. Dufault then devoted her energy to making the public aware of the insidious dangers that contaminate our food. In 2010, she founded an organization of scientists to study the scope of this problem and has published numerous research articles on the topic with little fanfare. To expose what still seems to be a well-kept secret by the FDA, she has written *Unsafe at Any Meal* to provide consumers with the information they need to know. The book begins with the author's story leading up to the creation of this work. It then describes the various toxic substances that are most commonly found in our food supply, and explains how they affect your genes, health, and the surrounding environment. After examining the Standard American Diet, which is sorely lacking in disease-preventing nutrients, it discusses the country's trend toward consuming a skyrocketing amount of ingredients that can contain heavy metals. It further shows how exposure to these heavy metals can contribute to conditions such as ADHD or autism. Also included is a helpful guide to reading food labels, recognizing misleading marketing tactics, and knowing what to look for--and what to look out for--in the aisles of your grocery store. Over fifty years ago, Rachel Carson's book *Silent Spring* exposed the dangers of DDT in our food supply. Unfortunately, it seems that the problem of food contamination has actually become worse. Backed by research and first-hand experience, Dr. Dufault reveals how the FDA has failed us, and outlines how you can protect yourself and your family by knowing what to avoid and by filling your kitchen with food that is clear of toxins.

Se l'idea di aiutare una sposa a scegliere tra un abito impero e uno a sirena (no, non ha le squame!) non ti dispiace affatto, oppure se ti chiedi come si gestisca per benino un matrimonio da favola, allora non puoi perderti il nostro manuale "Non solo confetti. Come iniziare (e continuare con successo) la professione di wedding planner" scritto da Chiara Gily. Il titolo la dice già lunga: fare il wedding planner è sicuramente una professione divertente, dove si sta per mesi a contatto con catering, chifon, fiorai e momenti di felicità, ma perché questo evento vada nel migliore dei modi, e non si traduca con la fuga della sposa come ne Il laureato (anche se, vabbè, lei lì fuggiva per Dustin Hoffman), non ci si improvvisa dalla sera alla mattina. Bisogna studiare tanto, per proporre agli sposi soluzioni pratiche e creative e per accompagnarli con polso nei mesi che li separano dal grande giorno. Bisogna essere pragmatici e informati, per sapere qual è la burocrazia da sbrigare per mettersi in proprio e sopravvivere. Bisogna conoscere il galateo, ogni aspetto della cerimonia (civile o religiosa) e avere tanti fornitori fidati (fiorai, fotografi, catering, grafici, sarti). Inoltre, è necessario sapersi promuovere al meglio online e offline per emergere sulla concorrenza. Quindi non solo confetti, ma tantissimo lavoro duro. Come capire, quindi, se si ha la stoffa per fare il wedding planner? Questo manuale, scritto dalla commercialista e wedding planner, Chiara Gily, lo spiega passo passo. L'ebook è diviso in due parti, come le due anime dell'autrice: la prima definisce cosa fare per mettersi in proprio, come organizzatore di matrimoni. Dal codice Ateco, al business plan, dagli aspetti fiscali, a come strutturare una buona offerta di servizi per gli sposi, arrivando a come

promuoversi e come gestire la propria giornata tipo. La seconda parte invece è una full immersion nel mondo del matrimonio: tempistiche, pubblicazioni, bon ton, come si sceglie l'abito (e il tessuto e il coprispalle e gli accessori) per lei e per lui, il bouquet, il trucco e parruccho, il catering e il fotografo. Non solo, il manuale spiega come destreggiarsi tra i vari tipi di location (hotel o castello?), se scegliere una cena placée o un buffet (e l'open bar come si gestisce?), come si scelgono le bomboniere e la musica per il ricevimento. Inoltre, mille spunti per ideare matrimoni a tema unici e romantici, cosa fare se qualcosa va storto il giorno delle nozze, come mantenere la calma (ce ne va tantissima!) e cosa fare quando ti toccherà diventare anche un po' social media wedding planner (non ci credi? Esiste!). Una prospettiva davvero inedita sul tema del matrimonio: da un lato, la parte più "fredda" e burocratica dei vari adempimenti per avviare questo business; dall'altra, la parte glitterosa e divertente del grande giorno. Un manuale ricchissimo, completo fino al midollo, chiaro e ben spiegato, con tanti casi pratici con i quali relazionarsi. La panoramica ideale per te che stai pensando di metterti in proprio come wedding planner e vuoi chiarirti le idee e, una volta deciso, partire col piede giusto. Chiara Gily ha deciso di devolvere tutti i proventi di Non solo confetti alla onlus LeuceVia.
