Academic Days of Timișoara: Social Sciences Today is a book of the proceedings of the 3rd International Symposium “Social Sciences Today: Between Theory and Practice” held in Timișoara, Romania, on May 6–7, 2011, under the auspices of the Romanian Academy. It will appeal to teachers of social sciences, no matter the level of instruction. The papers it contains deal with economics (economic crisis, communications, and Total Quality Management), education (systems of formal education, process of education, and educational theory), philosophy (education of the future, orthodoxy and nationalism, philosophy of history, Islamic tourism, rites and beliefs, and aesthetics), psychology (family imaginary, self-esteem, stress, personality, behaviour, intelligence, violence, and communication), and sociology (education, communication, social rituals, and non-formal education).

This volume explores a highly topical issue in second and foreign language education: the spreading practice in mainstream education to teach content subjects through a foreign language. CLIL has been enthusiastically embraced as a language enrichment measure in many contexts and finally research can offer principled insights into its dynamics and potentials. The editors' introductory

and concluding chapters offer a synthesis of current CLIL research as well as a critical discussion of unresolved issues relating both to theoretical concerns and research practice. The individual contributions by authors from a range of European contexts report on current empirical research in this dynamic field. The focus of these chapters ranges from theoretical to empirical, from learning outcomes to classroom talk, examining both the written and spoken mode across secondary and tertiary educational contexts. This volume is a valuable resource not only for researchers and teachers but also for policy makers.

reflect the kinds of everyday conversations that you might have both with native and non-native speakers of English. The topics are also those that are typically tested in English examinations e.g. TOEFL, Cambridge (First Certificate, Advanced), IELTS, and Trinity. Each chapter begins with a list of questions to enable you to have a conversation about a particular topic in various situations: on a social occasion (e.g. a work dinner, a conference lunch, a party); in the classroom during an English lesson; when chatting, either face to face or online; and during an English oral exam. After the list of questions, you will find a Word List associated with the topic and exercises to test your knowledge of less common words. The final aim is then to find the words from the Word List in the related Wordsearch. Easy English! is a series of books to help you learn and revise your English with minimal effort.
