I believe in keeping things simple whenever possible, so I'm going to keep this introduction short, so you can focus on the important things. This master plan is simple. Follow it, and you will increase your speaking band score. In this book, you have the tools you need to increase your speaking score to 8.5 by improving your vocabulary, grammar and coherence. I have not included pronunciation guides in the book, as I know that pronunciation comes from hearing English, absorbing the sounds and then practising them. No book can provide this for you unfortunately, and any books that promise to do this are not telling you the truth. The IELTS speaking test is exactly the same for both IELTS Academic and for IELTS general. It lasts for 11 to 14 minutes and consists of three parts. Part one of the IELTS speaking test is basically an introduction for you as the candidate and for the examiner. It gives you both an opportunity to get comfortable and gives the examiner an initial general idea of your level of English. There's no need to feel nervous here. I know that it's very difficult not to feel a little bit nervous but try to think of this as a friendly informal chat with a friend or an acquaintance. The examiner wants you to succeed in the IELTS test, and if you can show your personality and feel relaxed enough to show the examiner your level of English you will succeed.

This book interactive online resources with mock interviews, sample essays, audio tracks, and score reports; eight full-length practice tests; proven score-raising strategies and tactics; in-depth review of the Listening, Readings, Writing, and Speaking sections of the exam.

The 2020 2nd edition of IELTS Speaking. Academic and General Practice Tests Questions Sets 51-100 has been created to help students like you continue to practise for the real exam. This book contains over 1000 questions. It is up to you to come up with as many different ways to answer them as you can, to help you practise for the real exam. You can give this book to your ESL tutor who can give you some guidance on the many different ways that a native English speaker can answer the questions, or you can ask your friends to choose random questions from the book to help you become more familiar with the style of the test, and to

answer faster. Through practising these, and other questions in the series, you will be able to become more familiar with the types of questions asked in the exam and be better able to respond confidently. If you're not doing an IELTS practice test daily, for at least a few months before the exam, you will find it harder to get the band score that you want. Even native English speakers who don't study for the IELTS test can fail to get the band score they need. These IELTS practice tests have come from many discussions with IELTS examiners, IELTS teachers, and especially IELTS students who have described the kinds of questions that can appear in the real exam. You will find that the Just IELTS Questions series will be a great addition to your IELTS toolkit and can help you reach your goal faster.
