The landmark bestseller that changed the way we think about love: “Every line is packed with common sense, compassion, and realism” (Fortune). The Art of Loving is a rich and detailed guide to love—an achievement reached through maturity, practice, concentration, and courage. In the decades since the book’s release, its words and lessons continue to resonate. Erich Fromm, a celebrated psychoanalyst and social psychologist, clearly and sincerely encourages the development of our capacity for and understanding of love in all of its facets. He discusses the familiar yet misunderstood romantic love, the all-encompassing brotherly love, spiritual love, and many more. A challenge to traditional Western notions of love, The Art of Loving is a modern classic about taking care of ourselves through relationships with others by the New York Times–bestselling author of To Have or To Be? and Escape from Freedom. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author’s estate.

Quality in the church, mission and vision, leadership, systems thinking, evangelism, members and customers, Christian community, and the primary task of the church are topics addressed in this provocative work.

Carlo M. Martini was cardinal of the largest diocese in the world, a scholar, and one of the most renowned men of the church. Georg Sporschill has worked in prisons and lived with drug-addicted street children in Romania and Moldavia. The two Jesuits met in Jerusalem and became firends: two worlds, one faith--and a passionate search for ways in which the message of Jesus of Nazareth can still be effective for tomorrow. In a series of conversations they ask what faith can mean for life, what future young people have in the church, and what must be changed so that Crhistianity itself has a future. The questions from young people are the catalyst for deep thought. Is the future only dark? Where are the rays of light on the horizon? What would Jesus say today?

Heritage of Our Times is a brilliant examination of modern culture and its legacy by one of the most important and deeply influential thinkers of the 20th century. Bloch argues that the key elements of a genuine cultural tradition are not just to be found in the conveniently closed and neatly labeled ages of the past, but also in the open and experimental cultural process of our time. One of the most compelling aspects of this work is a contemporary analysis of the rise of Nazism. It probes its bogus roots in German history and mythology at the very moment when the ideologies of Blood and Soil and the Blond Beast were actually taking hold of the German people. The breadth and depth of Bloch's vision, together with the rich diversity of his interest, ensure this work a place as one of the key books of the 20th century.

La notte diventa giorno, e il giorno diventa luce. La luce diventa sole, e il sole comincia a splendere. Lo splendore diventa bagliore, e il bagliore diventa ruscello. Il ruscello diventa fiume... (dal testo) "La notte diventa giorno" Ã un viaggio poetico nel cambiamento, in cui oggetti e sensazioni si plasmano uno nell'altro seguendo l'ordine ciclico della natura, in un'atmosfera sospesa fra l'alba e il tramonto di un giorno

qualunque. L'alternarsi di notte e giorno Ã" infatti il modello per una catena di metamorfosi che coinvolge situazioni e oggetti quotidiani, spesso di confine fra il mondo naturale e quello tipico dell'uomo, fino al ritorno finale al punto di partenza. Nello stile essenziale di Richard McGuire, le trasformazioni sono vivaci e personali, immaginate secondo la logica dei sogni e sempre immediate e riconoscibili da tutti, bambini e adulti. Le illustrazioni privilegiano tinte forti e definite, dai contrasti netti e con poche sfumature, mentre i contorni lineari degli oggetti e delle persone accompagnano graficamente la musicalitÃ del testo, ricreando il senso di costante movimento che fa da sottofondo all'intero libro. Funny, fresh and very modern, this update on the fable of the lion and the mouse is a marvelous tale of a relationship between two unlikely friends. One day, the mouse marches into the lion's den without an invitation. Before the lion can eat him for breakfast, the mouse begs for mercy. "If you let me go, I might be able to return the favor." The lion laughs at the idea of such a small, insignificant creature helping him out ... until the next day when the mouse frees the lion from a hunter's trap. Jairo Buitrago and Rafael Yockteng, one of the great creative teams in picture books, have fun in this simple and never-didactic story about how it's possible to get along through negotiation, acceptance and learning to put up with a friend's eccentricities. You can be good to one another not because you expect anything in return but just because you are friends. Previous winner of two Booker Prizes, Peter Carey expands his extraordinary achievement with each new novel — but now gives us something entirely different. When famously shy Charley Carey becomes obsessed with Japanese manga and anime, Peter is not only delighted for his son, but entranced himself. Thus, with a father sharing his twelve-year-old's exotic comic books, begins a journey that will lead them both to Tokyo, where a strange Japanese boy will become both their guide and judge. The visitors quickly plunge deep into the lanes of Shitamachi — into the “weird stuff” of modern Japan — meeting manga artists and anime directors, “visualists” who painstakingly impersonate cartoons, and solitary “otakus” who lead a computerized existence. What emerges from these encounters is a pithy, far-ranging study of history and culture both high and low — from samurai to salaryman, from kabuki theatre to the post-war robot craze. Peter Carey's observations are provocative, even though his hosts often point out, politely, that he is wrong about Japan. In adventures that are comic, surprising, and ultimately moving, father and son cope with and learn from each other in a place far from home. “No Real Japan,” said Charley. “You've got to promise. No temples. No museums.” “What could we do?” “We could buy cool manga.” “There'll be no English translations.” “I don't care. I'd eat raw fish.” —excerpt from *Wrong About Japan*
