They were the Sheridan men, ruled by passion, betrayed by love, heirs to a legacy of violence and forbidden desire. Gus, Boston's top homicide cop: he knew equally well the backroom politics of City Hall and the private passions of the very rich, a man haunted by the wanton courage and perilous obsessions he inherited from his father... Conn, the patriarch, a lawless cop who spawned a circle of vengeance and betrayal that would span half a century... and Chris, Gus's beloved son, a Harvard lawyer and criminologist, fated to risk everything to break the chain of obsession and rage... Three generations linked by crime and punishment--cops and heroes, fathers, sons, and lovers united at last by revelations that could bring a family to its knees... A tender and fantastical adventure story perfect for fans of *Coraline*. It's up to Cecelia to put her family back together, even if that means venturing into the dark and forbidden Land of Yesterday on her own. But as Cecilia braves a hot-air balloon commanded by two gnomes, a sea of

Later honoured with a Hollywood Walk of Fame star for their television work, the often-controversial tabloid-favourites - whom had undisputed significance in Phil Spector's success and the folk-rock era - also put their stamp on variety show history with their much-loved 1970's The Sonny & Cher Comedy Hour, which received 19 Emmy Award nominations. If yesterday was the best day ever, wouldn't it be great to find a way to repeat it? A whimsical tale about happiness with sure appeal for science-minded kids -- and wise grandparents -- everywhere. What could beat yesterday's perfect day at the fair? Maybe nothing, one boy thinks, and he wishes he could go back and do it again. So he puts all his scientific knowledge to work, from stars to time machines to wormholes (is it possible he could find one in his garden?). He thinks that maybe Grandad could help him. But Grandad, in sharing some memories from his own past, reminds him that every new day brings the chance of a new adventure. With quirky illustrations imparting a sense of wonder, Alison Jay takes a fanciful look at being content in the here and now.

"Motherhood: the hardest, most rewarding job on the planet that grows us, teaches us, stretches us and fills our heart with more love than we could ever imagine. But what happens when we burn out? What happens when we lose our steam and feel as we have lost the woman we once were? What do we do when we feel as if we have nothing left to give? The answer is simple. We must

stop putting ourselves last. We must remember that in order to love others and be the best mama we can possibly be, we must first nurture our mind, body and soul and let go of the guilt that surrounds us. We must confidently look in the mirror daily and remind ourselves "Mama, YOU Still Matter!"

Laura Bennett is not a soccer mom or a PTA mom or a helicopter mom—and she's certainly not mother of the year. Another breed of mother entirely, Laura is surely more Auntie Mame than June Cleaver. As a busy mother

of six, Laura is on an impossible mission: raising a brood of fast-moving, messy, wild sons in the jungles of Manhattan. So what other choice does she have than to sit back, grab a martini, and let the boys be, er, boys? In *Didn't I Feed You Yesterday?*, Laura gives her irreverent take on modern motherhood and proves that a strong sense of humor and an even stronger sense of self are the mother's milk of sanity. In a series of refreshingly candid and hilarious anecdotes, she unapologetically breaks every rule in the Brady Bunch playbook: She gives her kids junk food, plays favorites, and openly admits to having "a genetic predisposition to laissez-faire parenting." Children, she observes, don't need constant supervision from neurotic, perfectionist parents. Allow kids to make mistakes and entertain themselves and they'll turn out just fine—even if you do sometimes forget to pick them up from school. Beyond the mayhem of a life among males, Laura celebrates the glories of womanhood with a generous helping of wit and style. She gives thanks to the fashion gods for the essentials—red lipstick, Manolo Blahniks, and Lycra shapewear—but reminds us that true style comes from an inner compass that points directly at oneself. In every aspect of life, Laura gives one simple, powerful piece of advice: "Dress like you want it or stay home." Brutally honest, outrageous, and sure to raise a few eyebrows, *Didn't I Feed You Yesterday?* is a riotously funny read—and it'll go fabulously well with your new handbag. requiring a remarkable level of physical, intellectual and above all creative effort, in which students work hard not only at walking, climbing, reading and writing, but also at being together in a responsible and respectful manner. The search follows the path traced by the poet from Marradi, his hometown, into the Tuscan mountains, calling back to life his most mature lyrical poem. As we delve into the deeper and most secret recesses of Campana's poetry, the memory of the journey unfolds in the pages of a diary in which feeling and remembrance mix with the poet's words, joining voices in one song. "Picking up on some of the haunted, hallucinatory stillness familiar to readers of Campana's work, and skilfully interlocking narrative strands that juxtapose a deeply-felt identification with the poet to pithy asides and comical episodes, Valeria Fraccari guides her students and her readers on a journey that develops into one of the most unusual - and least pretentious - communings with poetry I have ever read." Simon Jenner, poet, essayist and music critic ..".it is magical, alive, a polyphony fleshed out by the rich poetic voices of the students and their bodily presence. A beautiful example of learning through passion, en plein air." Paolo Mottana, Caro insegnante.
